Purpose: To allow an individual or corporate entity access to the public water supply by temporary hydrant meter assembly when a standard connection is unavailable.

The renter hereby agrees to take and use water in accordance with the General Regulations of the Sudbury Water District subject to current rates, fees, rules and policies authorized by the Sudbury Water District Board of Water Commissioners. The renter requests for the Sudbury Water District to grant and administer a temporary connection to the public water source by means of attaching a meter assembly (meter, valves and backflow prevention) to a designated hydrant. The renter accepts all financial responsibility for the assembly, including any and all costs or replacement costs associated with loss or damages sustained to the assembly at or during the rental period, including theft.

Meter assembly is subject to availability.

The renter shall ensure that there is no water leaking from the meter assembly or other related equipment.

The renter acknowledges that the meter assembly is the property of the Sudbury Water District and therefore may only be connected/relocated/removed by Sudbury Water District authorized personnel.

Allowable Uses:

- Construction water for commercial development
- Fiber optic installation within a specific defined boundary
- New subdivision water main testing
- Demolition /Dust Control
- Water Main Testing
- Special Events
- Street Sweeping

Banned Uses:

- Unmetered withdraw of water from hydrant
- Obstruction of said hydrant
- Damage, Destroy or tampering with meter assembly
- Mounting meter assembly on a vehicle
- Withdraw of water for the purpose of resale

Sudbury Water District reserves the right to disconnect/confiscate the meter assembly or any other related equipment at an time or interrupt service should it be determined the renter has not complied with the terms of this agreement or that operation of a hydrant, meter assembly or other related equipment constitutes a threat to public health or safety, the environment, the operation of the public water system, or contamination of the public water supply. In the event a hydrant meter assembly application is revoked by Sudbury Water District because of a renter's violation of its terms the renter shall not be entitled to a refund or credit for fees paid or security deposits made. The renter shall be liable for any and all damages and or fines resulting from the operation and use of the Sudbury Water District public water supply and for violations or the terms of the application. The renter hereby agrees to fully indemnify and hold harmless the Sudbury Water District, its elected officials, employees, officers, directors and representatives of Sudbury Water District, individually or collectively, from and against any and all costs, claims, damages, fees, fines, penalties, proceedings, actions, causes or action, liability and suites of any kind or nature, including but not limiting to, person or bodily injury, death and property damage, made upon Sudbury Water District directly or indirectly arising out of resulting from or related to the renters activities under the application including any acts omission of the renter, any agent, officer, director, representative, employee, consultants or subcontractor of the renter. A \$1,000 fine shall be imposed if an individual or corporate entity obtains water directly from a hydrant without a meter/backflow assembly being provide.

**WATER SHORTAGE** In the event of a drought advisory the Sudbury Water District reserves the right to recall/return/deny a meter assembly.

**COLD WEATHER** No assembly shall be used when temperatures fall below 35 degrees Fahrenheit. Temperature below 35 degrees Fahrenheit warrants immediate removal of the assembly whereas the renter agrees to take and store the assembly for safe keeping.
