ADOPT A HYDRANT

In the wake of the record amount of snow we have received in a short amount of time, SMILE Mass is sponsoring Adopt a Hydrant. The town of Sudbury has over 950 hydrants of which about 95% have marker flags indicating their location. Many of the hydrants are buried under several feet of snow. SMILE Mass is challenging the kids in town (*with adult supervision*) to dig out the fire hydrants. To locate buried fire hydrants, look for the marker flags sticking out of the snow banks.

BEFORE

AFTER

It is simple to participate:

- Find a buried hydrant and take a picture
- Shovel out the hydrant and take an after picture
- Commit to shovel out that hydrant for the rest of the winter
- Send pictures to info@smilemass.org

Please direct all questions/concerns to SMILE Mass at 617-967-7755 or info@smilemass.org

Please do not call the fire station with questions about this program.

SMILE Mass will sponsor a pizza party with some of the fire fighters and trucks at a date and location to be determined. We need an idea of how many people are participating before we can choose a location.

Each child who participates will receive a certificate of recognition.

In case of fire, a shoveled out hydrant could help save a life!
